MIDSHIPMEN UNIFORM GUIDANCE

(A)

1. GENERAL. The items listed in enclosures (2) through (6) are required uniforms, quantities, and time frames to issue midshipmen uniforms. All items contained in the initial issue display may be issued at one time, or may be issued at a later time depending on unit needs.

a. The cruise issues should emulate the summer training uniform requirements listed in the Midshipman Summer Training Manual (NAVEDTRA 373001). Enclosure (4) contains a copy of that uniform list for your information. Ensure that the midshipmen have the appropriate items and the quantities needed for cruise requirements. NOTE: The clothing items listed for cruise requirements don't necessarily mean that you will issue more uniforms; it simply means that the midshipmen should possess the quantity listed for that cruise.

b. Specific local requirements or deviations shall only be done with prior approval from CNET (OTE911).

c. All footwear, shoes and boots, will be kept by the midshipman and not turned in unless the midshipman is dropped from the program. Units that are still in possession of khaki and black windbreakers will continue issuing until exhausted. These two items also will be kept by the midshipmen.

2. ECP/BOOST/NECP/MECEP UNIFORMS

a. BOOST Uniform Requirements - BOOST graduates are NROTC scholarship midshipmen, and are to be issued the same uniforms as scholarship midshipmen. Starting with FY98 BOOST graduates uniforms were issued at BOOST and they will not have any requirements from the NROTC unit.

b. ECP Uniform Requirements - ECPS are given a uniform allowance check at Naval Science Institute in Newport prior to reporting to NROTC units. With that check they are expected to provide all uniforms needed. They have no requirements from the unit.

c. NECP Uniform Requirements - NECP wear their enlisted uniforms and have no uniform requirements from the NROTC unit.

d. MECEP Uniform Requirements - MECEP wear their enlisted uniforms and have no uniform requirements from the NROTC unit.

03 MAR 1996

3. COMMUTATION. It is DOD policy to provide commutation funds instead of uniforms for members of the NROTC program at the following military units: The Citadel, Maine Maritime Academy, Norwich University, SUNY, Texas A&M University, VMI, and VPI.

The Navy's initial issue uniforms will not be issued to midshipmen at these units; only summer training uniforms will be issued.

4. DRESS WHITE UNIFORM. The service dress white and the choker white uniform is a first class issue, but may be issued earlier if a unit desires. Keep in mind that there will be one uniform issued to each midshipman. If a unit decides to issue the uniform before the first class issue, the midshipman will be responsible for any future replacements, repairs, or tailoring.

5. RIBBONS. NROTC unit and local awards/ribbons cannot be worn with official Navy awards. One or the other can be worn, but not both together. NROTC unit and local awards, unit insignia, and brigade/battalion insignia are not authorized for wear during summer training. The ribbons listed in enclosure (5) are the standardized ribbons and may or may not be used by a unit. The choice is made by individual units.

6. The following changes have been made to the uniform requirements:

a. Most all NSNs have been changed.

b. The winter blue uniform has been added as an "Optional" uniform item for those units in the colder regions, or as needed for a cruise. CNET is not making the skirt available for issue.

c. Shoulder boards for the marine option have been added, as well as the collar and hat device.

d. Starting 1 October 1998 a **new** safety boot will replace the enlisting chukka boot. Do not replace any boots that have already been issued; these boots should be phased in with new issues.

e. The working uniform for 2/C cruise (as well as 3/C nurse cruise) will change from khaki to dungarees effective this summer.

03 MAR 1998
